

MozyPro Datasheet

The MozyPro advantage

Simple

Easily manage multi-user and server environments from a web-based console.

Secure

Your data is safe with military-grade encryption, world-class data centers, and the strictest security policies.

Affordable

Keep costs low with no hardware to purchase and minimal overhead required.

Backup made easy with MozyPro

As a business professional, you know the importance of keeping your company data, financial records, and administrative materials safe. You don't have time for backup solutions that take months to set up, require thousands of dollars in hardware costs, and force you to hire someone to oversee it all.

Mozy, the trusted leader in online backup, saves your business time and money with simple, secure, and affordable backup solutions for computers and servers. You can be up and running in no time, as Mozy gives you the flexibility to deploy and manage multi-user environments from the convenience of a single online administrative console.

Back up locally and online with Mozy 2xProtect™

A sound backup strategy involves both a local and an offsite copy of your data. Mozy 2xProtect—available in MozyPro for Windows—delivers both at no additional cost.

Professional support

MozyPro support technicians are available 24/7/365 via phone and chat. Also available is the Support Portal, complete with video tutorials, knowledge base articles, and a customer community.

With MozyPro, you'll get the tools you need to take control

MozyPro's web-based Administrative Console allows you to:

- Create sub-administrators
- View account usage, history, and stats
- Generate & email reports automatically
- Reset account passwords

- Change account status
- View and distribute license keys
- Customize configuration settings

Through the MozyPro software, application users can:

- Select folders and files to back up
- Set automatic and scheduled backups
- See a history of all backups
- Configure options and set bandwidth throttling
- Restore files and folders
- Enable local backup with Mozy 2xProtect

MozyPro feature set

Fast

- **Data Shuttle:** Move terabytes to the cloud in no time with Mozy Data Shuttle.
- **File scanning:** Back up millions of files effortlessly with advanced file scanning.
- **Incremental backups:** After the initial backup, Mozy only backs up new or changed portions of files, saving bandwidth and ensuring future backups are lightning fast.

Simple

- **Easy account management:** Manage multiple desktops and servers from anywhere with the online Admin Console and custom reports regarding the backup health of your account.
- **Automatic or scheduled backups:** Set MozyPro to back up automatically or to a schedule you choose.
- **Custom configurations:** Set policies on bandwidth usage and backup speeds, create custom backup sets or define what file types should be backed up.
- **Reliable data restores:** Browse and search your backed up files, then restore file versions up to 30 days in the past. Files may be restored on the web, via the software client, or by ordering a DVD restore.
- **Local backup with Mozy 2xProtect™:** Windows users can back up locally to an external device as well as online to Mozy data centers for double protection.

Secure

- **Encryption:** All user data is encrypted locally with military-grade encryption prior to transfer. Choose a managed encryption key or a personal key for added security.
- **World-class data centers:** Data is stored in state-of-the-art data centers, which employ the highest security standards.
- **Audits and certifications:** Mozy is SSAE 16 audited and ISO 27001 certified.
- **Near continuous data protection:** MozyPro automatically detects and backs up new and changed files.

Flexible

- **Mobile app:** Access your data from any iOS or Android device with the free Mozy mobile app.
- **SQL, Exchange, SharePoint, and network drive support:** Mozy backs up all open and locked files as well as common business applications running on Windows servers.
- **Windows and Mac support:** MozyPro supports Windows 8, 7, 2008, Vista, XP, and 2003, 2012 (desktop/server) and Mac OS X 10.8, 10.7, 10.6, 10.5, & 10.4 (desktop/server).
- **Open and locked file support** — MozyPro backs up all open and locked files, including Outlook PST files.
